

## When You Buy Furniture

Be sure that it is of the style and finish that will harmonize with what furniture you already have in your household. See that you get the period style you want and the right kind of mahogany, oak or walnut to match up the other pieces in your living room and library.

The chairs, tables and settees which we are showing are so varied in design, finish and workmanship that we are sure you can find just exactly what you want for your library and living room.

It does not matter how long you have had your old suite, the rich, conservative appearance of our new pieces is guaranteed to harmonize with the furniture you have.

## Spray Nose and Throat to keep germs away

Germs of cold and fever and Spanish influenza enter through the nose and throat. Spray the nose and throat, whether anything ails these organs or not, just as a matter of protection. You want a nice atomizer for the purpose, as by no other means can you reach the parts affected or to be protected. We sell atomizers in all sizes and for all spray purposes.

For an antiseptic, we recommend A. D. S. Boroglycol.

He also says that the mud is up to their knees. This is the first word from Mr. Riddell since October and the letter was dated Dec. 12.

The boys, says, were looking forward to getting home for New Year's.

Several sales of real estate have been transacted through the D. A. Perry Real Estate agency recently. Among them were the following: The farm of J. Burton Pike in Marshfield was sold to H. J. Slayton of this city. This farm is considered one of the best farms in the valley between Plainfield and Marshfield, and while the consideration is not made public it has been understood that the property has been valued at \$12,000.

The sale includes stock, tools and crops. Other sales recently closed through this agency include the E. E. Bancroft farm, formerly known as the Clay farm, which is located on west hill. In this transaction part of the hay and tools were included. M. Ula was the purchaser and the consideration was \$7,000.

The James Allen farm, which adjoins the Morrill farm, has been sold to Joseph Bedard, who buys it for a home. The entire outfit of tools, stock and crops are included in this sale for a consideration of \$9,000. The two above farms are considered among the best farms in this section. Mr. and Mrs. Oliver Forrest of East Montpelier have sold their farm to George Andrews of Weybridge, who has already taken possession of it. Consideration of farm, stock and tools was practically \$5,000. Mr. Andrews, the purchaser, is a member of the school committee of Weybridge and recently disposed of a large farm in that town.

### MONTPELIER

High School Basketball Team Easily Defeated Hardwick.

Montpelier high school basketball team opened its basketball season Thursday evening by defeating Hardwick academy team on the armory floor here by a score of 46 to 9. The local team put up a good game, and it was helped because of its acquaintance with the floor. The Hardwick team played the prettiest game, doing more passing than the home team was able to do but they could not make the long shots that were needed to get the baskets, short most of the time. The Montpelier team, being well used to the long hall, was able to shoot for a basket when the Hardwick boys would not be expecting it. The local team is made up mostly of men who played last year, while the visiting team is new to the local basketball admirers. In the first period visitors played a stronger game than in the last period.

The line-up of the teams follows:

Montpelier: Hardwick: Smith, rf.; Mitchell, lf.; Lackey, cf.; J. Robb, c.; Sylvester, pg.; Whitcomb, rg.; Weeks, lg.; Donnelly, lg.; Clark, lg.

Score, Montpelier 46, Hardwick 9: baskets, Smith 10, Lackey, Mills 6, Whitcomb, Sylvester 2, Robb, Mitchell; from fouls, Robb; referee, Hayden; timer, Finer; scorer, Smith; time, two 20-minute periods.

At the meeting of the Knights of Pythias held Thursday evening the following officers were elected for the coming year: Chancellor, L. A. Kelly; vice chancellor, Otto Bates; keeper of records and seal, Frank Pratt; master of finance, B. A. Summer; master of exchequer, L. H. Pollard; prelate, J. B. Eate; master of work, Frank Wing; master-at-arms, Burt Brown; trustee for three years, J. A. Welcher.

Harold Dwinell of Calais was in the city yesterday en route to Burlington to resume his college studies.

J. G. Brown has commenced the examination of the National Life Insurance company, which occurs biennially. Parker & Son of New York will do the expert work. Several days ago Mr. Brown notified the company to check up the cash and bonds to ascertain what they will need in the next few days. These were removed from the vault and counted by Mr. Brown, after which the papers in the vault were sealed until the expert reaches here. Some \$4,000,000 was counted, which showed that the National Life has taken a great deal more Liberty bonds than is generally known here. In fact, several cities, not only in Vermont but in other states, were able to go over the top by the bonds bought by the company.

E. S. Meigs is recovering from an injury received when a chair slipped from under him. He was sitting with the chair tilted against a radiator and in falling he received a cut which required three stitches to close.

Walter F. Scott, state treasurer, is feeling more comfortable to-day. This morning he had no temperature.

Miss Florence Teachout, who was taking the place of Miss Linda Crane, who was suffering with influenza, had to give up work as telephone operator at the State House Thursday noon and went to her room suffering similarly to Miss Crane. They are roommates. Miss Grace Craigh of the local office is now acting as operator there.

G. Capra has been appointed administrator of the estate of A. Albano, late of Barre, while Jennie Prindle has been appointed administratrix of the estate of Samuel Matson, late of Barre. Wilmer Vaughn has settled his account as guardian of Alvin Richardson, a minor living in Middlesex.

### WILLIAMSTOWN

#### Red Cross Notes.

The work committee requests that all garments which can possibly be finished be turned in to Mrs. G. F. McAllister, as they wish to ship as many as possible on Saturday, Jan. 4. The knitted articles are also to be shipped. The committee would like to have all the work on hand finished as rapidly as possible so as to get it out of the way for the new shipment which is on its way to us. There can be no relaxation in any Red Cross effort not only because our boys "over there" must still be cared for, but the conditions in the countries of our allies are such that there is unlimited need for garments for civilian relief. Refugee work at this time is the emergency and we should make a concentrated effort to finish up promptly all work of the kind sent to us. On account of the cold weather a rapid production of garments will mean infinitely greater service in saving life than any other type of work we may do. Please call on Miss Daly and Mrs. French for work to take to your homes.

## Seven Days More of Our Clearance Sale

This has been one of the most successful sales we have ever had. There is a good reason: when you can buy staple dry goods from such a stock as we carry, at the prices we are asking, you surely cannot afford to wait, if you have the money to spare. This is a chance to make good money on your investment. There are still many extra good values left. You should improve this opportunity.

### Special Coat Values

We are putting in our north show window one lot of Plush Coats at a price that will move them in the next few days. These are a regular \$25.00 Plush Coat and are worth that amount to-day.

While they last we will give you your choice at only \$16.50 each. If you want a good, warm Coat value, you should see these Coats.

We would not buy cheap Coats this season, because the cloths were so bad they would not wear. But in this sale we are going to give you a chance to buy a good Coat at a cheap price.

We have one rack of Coats
